

Apologies

Dear Responsible Family Visitors,

In the past few days, we have received some obscene spam messages on our Forum boards that we would like to apologize for. These messages are not content that we agree with and we do not condone the behavior of the violators who posted them.

We will do everything in our power to eliminate the offensive content quickly and effectively. Unfortunately, spam does pop up from time to time, especially on public boards, so we cannot prevent this from happening again. We appreciate your emails about this matter and encourage users to contact us if you see any suspicious content on our site. We really appreciate you help!

Thank you so much for your concern and understanding.

Sincerely,

Britt Michaelian
